

General Presentation 2022

SSM Schärer Schweiler Mettler AG

Operations / September 2022

Agenda

General Presentation Operations 2022

- 01 SSM as Part of Rieter Group

- 02 Background of SSM and Experience

- 03 SSM Schärer Schweiter Mettler AG, Switzerland

- 04 SSM Operations

- 05 Strongest Global Service & Support Presence

- 06 Contact Details

01

SSM as Part of Rieter Group

Rieter Group – Premium Textile Components

SSM Textile Machinery is a subsidiary of the Rieter Group

Rieter is the world's leading supplier of systems for short-staple fiber spinning. Based in Winterthur (Switzerland), the company develops and manufactures machinery, systems and components used to convert natural and man-made fibers and their blends into yarns.

SSM AG is within the business unit RCO which represent on the market through five top brands. Beside of SSM AG the companies Bräcker, Graf, Novibra and Suessen are the specialists for key components of all spinning technologies as well as of products for the nonwovens industry.

The internationally recognized technological know-how, the high-precision manufacturing and the excellent advisory services characterize these world-leading brands.

Rieter Group – Premium Textile Components

02

Background of SSM and Experience

SSM: Make the Difference Since 1855

Opening of
subsidiary in China

Acquisition of
Italian company

Introduction of
XENO platform

Rieter acquired
SSM AG

preciforce back
pressure system

Not only a look
back, but also
the outlook
for the future
demonstrates
that SSM is the leader in
yarn processing & winding

SSM presents a whole series of innovations – 2003: *digitens*, *fastflex*, *fancyflex*, *lubetex*

2004: *joy* / 2007: *tensiso* / 2008: *linearo* / 2013: *x-view* / 2015: DIGICONE 2 / 2019: *powerblade*

Starting with Jean
Schweiter & Heinrich
Schrader who
build one of
the first
mechanical
pirn winders

Invention of horizontal
spindle replacement

DIGICONE step
precision winding

Foundation of
SSM AG

preciflex yarn
laying system

Acquisition of
German companies

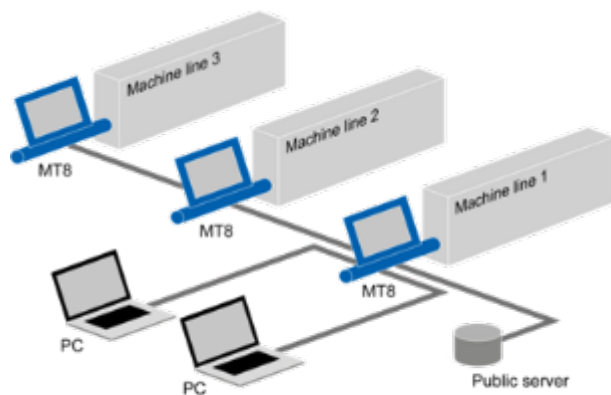

A Long History in the Textile Business

From the beginning in the mid 19th century...

...to the future

***fastflex*TM** – Electronic Yarn Traverse System

SSM, inventor and patent holder of the first electronic yarn traverse system

Successfully introduced as *preciflex*TM in 1995, during the ITMA in Milan, since then, the performance of the electronic traverse system has been improved and the speed performance enhanced (*fastflex*TM)

High flexibility to produce made-to-measure cross-wound packages

Change of traverse length, the spool size as well as the crossing ratio without big efforts

Up to 950 double strokes/minute (10"- traverse)

Over 200'000 spindles have been equipped with the original electronic yarn traverse system of SSM since the introduction in 1995

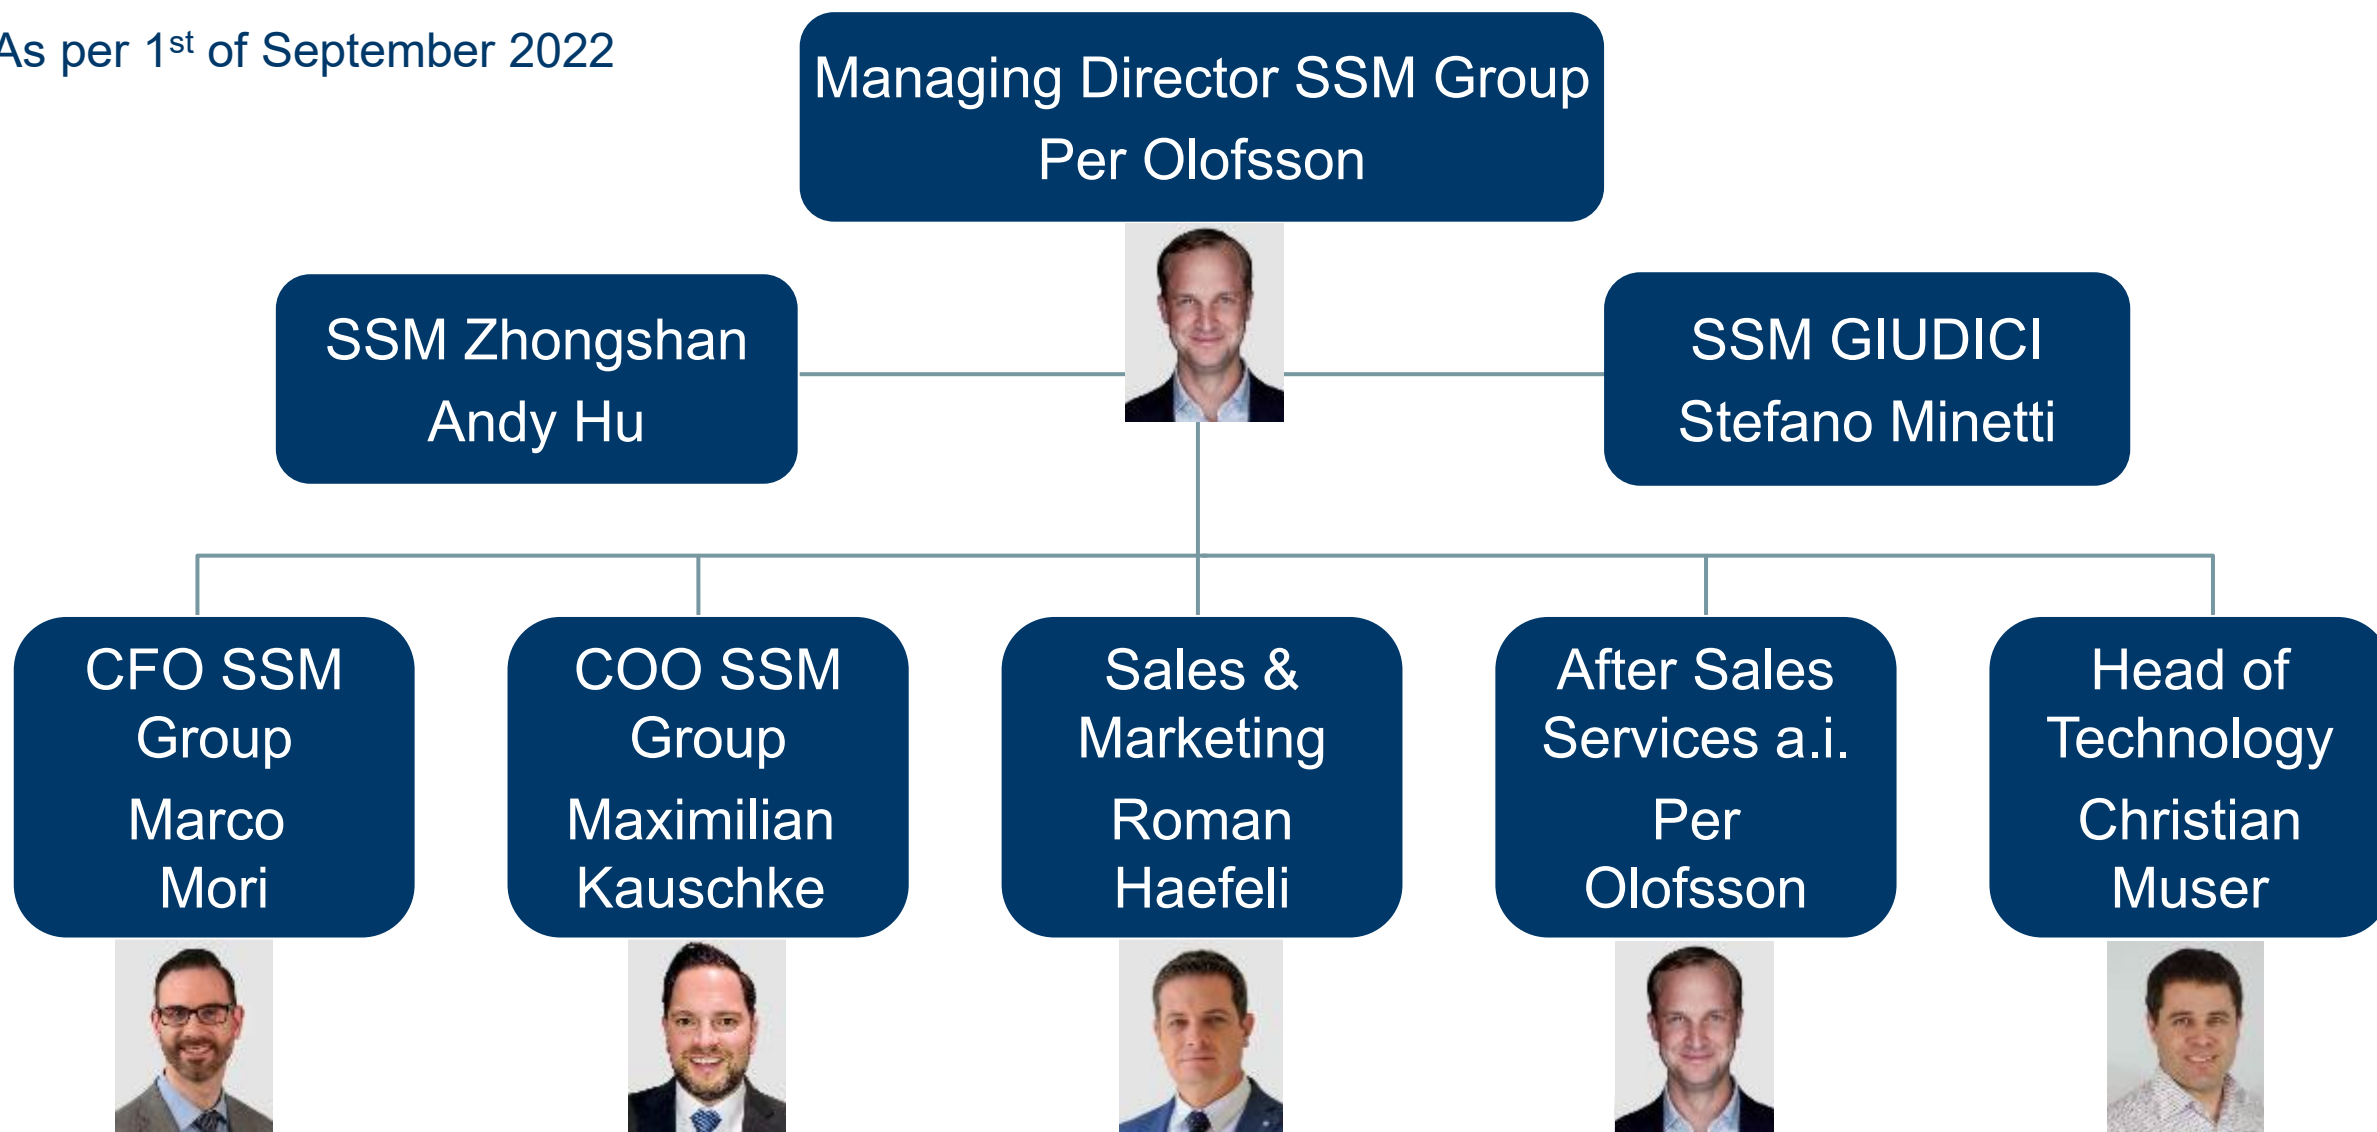

03

SSM Schärer Schweiler Mettler AG,
Switzerland

Organization of SSM Textile Machinery (overview)

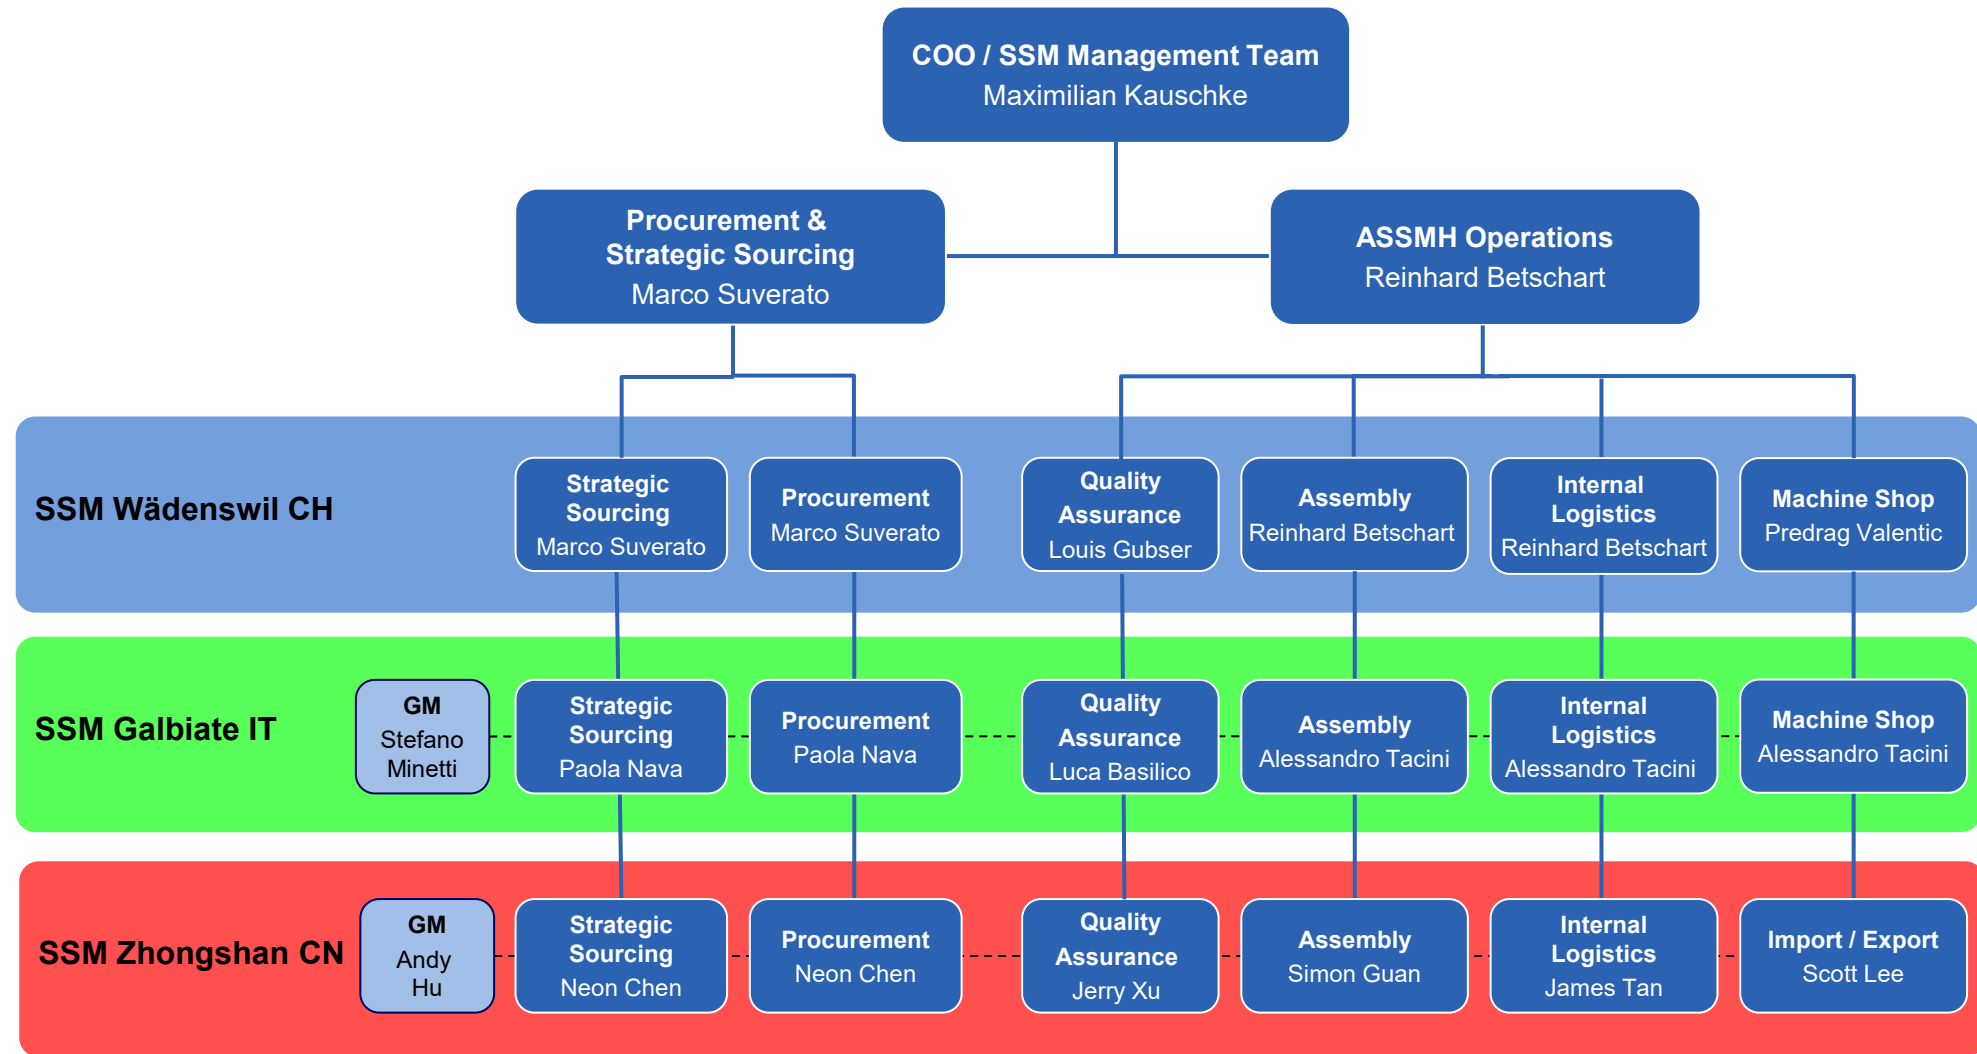

As per 1st of September 2022

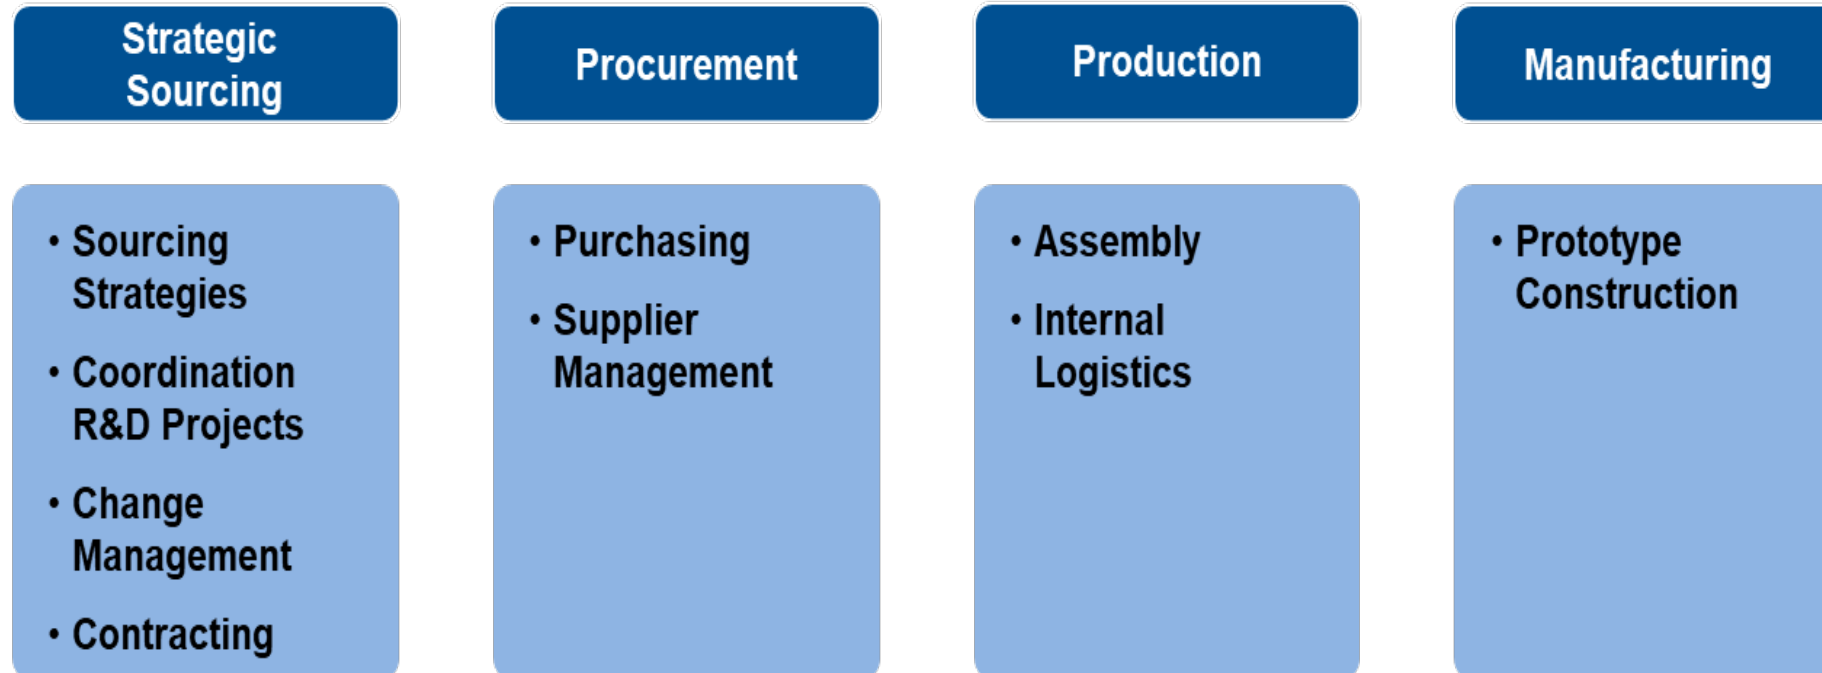

04

SSM Operations Chart

SSM Organization Chart – Operations (OPS)

SSM Organization Chart - Operations

05

Strongest Global Service & Support Presence

Strong Global Presence for Best Support

More than 9 local service stations and 80 agencies worldwide

- Headquarter in Wädenswil
- Subsidiary in Galbiate and Zhongshan
- Representative offices in Hong Kong and Spartanburg
